Year 1's Amazing Work

Some of the writing we have created from the book "Peace at last".

What are we learning about this term?

In English, we are learning how to sound out words and use finger spaces. We are using the story "Peace at Last" for inspiration.

In our Maths lessons, we will be ensuring we are fluent with numbers 1-10 and understanding 1 more and 1 less.

In Science, we will be exploring the 5 senses: how we use them and how they help us to understand the world around us.

Key vocabulary

1. sight	This is the sense we get from using our eyes to see things.
2. smell	Our nose is the body part which means we can smell things. Smells can be good or bad.
3. exercise	This is when we move our body for example running, jumping, swimming or playing sport. It is healthy for us.
4. healthy	This is the word which means how well and good we feel in our bodies and in our brains. A healthy body makes us feel good.
5. design	This is another word for 'make.' Our body is 'designed' in a way that helps us live.
6. baby	A new born human being.
7. grow	This is what we do as we move from being a baby into a child and an adult. Everyone grows.
8. bones	These make up the skeleton which holds our body together. There are 270 bones in a child's body.

School starts at 8.45am.
