

Primary PE Funding Statement – September 2019

The Government wants the Sports Funding to be used in a way so that physical education (PE) in primary schools is improved by: increasing participation, involving the least active, improving resources and improving how PE is taught. The funding can also be used to promote a healthier lifestyle. It is hoped that the funding will leave a legacy, once the funding has been withdrawn, of healthier and fitter children who are more interested in sporting activities.

Holybrook received £17,750 funding to support to development PE/sport/health in the academic year September 2019 to July 2020.

PE at Holybrook

We believe that every child has a right to the very best possible learning experiences and that everyone can succeed. At Holybrook we have always believed that we want our children to attain the highest standards in all that they do and become well rounded, healthy individuals. We believe that PE and school sport have a vital role to play in helping us to achieve our aims for our pupils. These important aspects of our curriculum teach our children to work together, enjoy and value competitive activities and develop a clear understanding of the importance of PE in ensuring their long-term health and well-being.

At Holybrook we value that sport and PE provide a great baseline for an active and healthy future, emphasising the importance of physical health and emotional wellbeing of our children. We are dedicated to raising standards in PE and ensuring that more children are becoming active and engaged in a multitude of sports. We strongly feel that a fun, varied and competitive PE curriculum and extra-curricular sporting activities have a positive influence on all children.

As part of our Holybrook curriculum we plan and deliver a curriculum that includes 2 hours of PE for each child within the school week. Where possible, PE is taught as part of the creative curriculum theme linking to other curriculum areas, for example our pupils in Year 1 took part in a dance unit of work based on The Lion King linked to the topic paws, claws and whiskers they were studying.

We have also designed an extra-curricular timetable which places a strong emphasis on PE and sporting activities during school hours and after school hours. This includes football, cricket, multi-skills, tennis and table tennis.

Below is a breakdown of:

We look forward to seeing a continuing increase in the participation of our pupils in competitive sporting activities both within the LAP and across the district. The total spend is £79,300 for Holybrook Primary School.

PE Funding Focus for 2020-2021

- Continue to fund additional after school PE/sports clubs
- Continue to participate in inter school competitions and increase the success in competitive school sports.
- To improve the partnership work on physical education with other local schools.
- Continue to target younger children and children who would benefit from additional exercise.
- Continue to improve teacher knowledge and skills in gymnastics; particularly newly qualified and recently qualified teachers who have joined Holybrook recently.
